24th April 2026

Dear Parent/Carer

Mission Maths Year 11 Maths Summer Term Newsletter

Following the March Mock Exams, we have celebrated with the students their successes as a result of their continued hard work. The department is incredibly proud of their achievements so far. I would like to thank all parents and carers for your ongoing support in encouraging your child to work hard by completing weekly homeworks, attending all interventions and completion of holiday papers. I would especially like to thank you for all of your support with the independent revision at home that we know is absolutely essential to achieving exam success. With the final exams rapidly approaching, we are asking for your continued support.

It is now 20 days and counting until our first exam on Thursday 14th May 2026. In the run up to these final exams, we will be providing more revision material in lessons in the form of weekly practice papers to be handed out to students every Friday, to complete at home and returned every Monday. Alongside this each student will be receiving a Holiday Best Guess Practice Paper to complete over the May half term holiday. Again, class teachers will be working with each and every student to create a bespoke revision list, guiding students to key topics that they need to revise through our Staples Challenge. As always, it will be extremely beneficial if your child has a scientific calculator for completing independent revision at home. There are lots of excellent online material as well so nobody should be in a position where they have 'run out' of revision. Some of the suggested websites are below and there are many others available too:

<https://revision.maths.outwood.com/>
<https://www.mathsgenie.co.uk/papers.html>
<https://www.1stclassmaths.com/exam-papers>
<https://www.onmaths.com>
[Corbett 100 Days and Counting - Foundation](#)
[Corbett 100 Days and Counting - Higher](#)

After school Maths is continuing every Thursday, students will receive additional 45 minutes of intervention from their own teacher on key areas of weakness identified through exam analysis.

Upcoming key dates

- Weekly Homework Practice to be returned every Monday
- Paper 1 Non Calculator Thursday 14th May 2026
- Paper 2 Calculator 3rd June 2026
- Paper 3 Calculator 10th June 2026

Once again, thank you for your continued support. Should you have any queries then please contact me by email at e.burns@acklam.outwood.com

Yours faithfully,

Liz Burns
