25 September 2025

Dear Parents and Carers,

I hope this letter finds you well.

As part of our commitment to supporting our students in achieving their full potential, we regularly offer Year 11 Spanish Enrichment sessions designed to help students improve their knowledge, skills, and overall grades in Spanish. These sessions are held after school on Fridays and provide an excellent opportunity for students to consolidate their learning, practice key skills, and receive additional guidance outside of the classroom.

We would like to encourage your child to attend these enrichment sessions on a regular basis, as participating can have a significant positive impact on their progress and final grade. We would be grateful if you could discuss with your child the value of attending these sessions and encourage them to take full advantage of this support.

The Spanish Enrichment sessions typically last forty minutes; however, we understand that students may have commitments to other subjects' enrichment activities. To accommodate this, we are able to offer flexibility, allowing students to alternate between sessions or attend for a shorter period of twenty minutes if necessary. Our primary aim is to provide personalised support to help each student reach their academic potential.

We greatly appreciate your continued support in encouraging your child's engagement and success. Should you have any questions, concerns, or require further information, please do not hesitate to contact us.

Kind regards,

E. Sanchez
