COVID-19: Operational risk assessment for school reopening

Please note: this risk assessment should be undertaken in conjunction with the guidance on school reopening issued by the Department for Education on 2 July 2020 as follows:

**Guidance for full opening - schools - GOV.UK**

This recognises that the youngest children in schools cannot socially distance from adults or each other. The implementation of ‘bubbles’ are an alternative protective measure to keeping people apart. Therefore, ‘social distancing’ in this risk assessment refers to the use of bubbles and/or the requirement to keep to 1 or 2 metre distances, depending on the age of the children concerned.

Based on SAGE modelling, the hierarchy of controls we have factored into our planning to help prevent the spread of COVID-19 are set out below:

<table>
<thead>
<tr>
<th>System of controls</th>
</tr>
</thead>
<tbody>
<tr>
<td>This is the set of actions schools <strong>must</strong> take. They are grouped into ‘prevention’ and ‘response to any infection’ and are outlined in more detail in the sections below.</td>
</tr>
</tbody>
</table>

**Prevention:**
1. minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school
2. clean hands more often than usual
3. ensure good respiratory hygiene by promoting the ‘catch it, bin it, kill it’ approach
4. introduce enhanced cleaning, including cleaning frequently touched surfaces often using standard products, such as detergents and bleach
5. minimise contact and maintain social distance
6. where necessary, wear appropriate personal protective equipment (PPE)

Numbers 1 - 4 must be in place in all schools, all the time.
Number 5 requires an assessment of how to maximise social distancing and minimise contact within the school.
Number 6 applies in specific circumstances.

**Response to any infection:**
7. engage with the NHS Test and Trace process
8. manage confirmed cases of coronavirus (COVID-19) amongst the school community
9. contain any outbreak by following local health protection team advice

Numbers 7 – 9 must be followed in every case where they are relevant.
## Risk matrix

<table>
<thead>
<tr>
<th>Likely impact</th>

### Related documents

- **Trust documents:**
  - Government guidance:
    - [Actions for early years and childcare providers during the coronavirus (COVID-19) outbreak](https://www.gov.uk)
    - [Guidance for full opening - schools - GOV.UK](https://www.gov.uk)
    - [Safe working in education, childcare and children’s social care settings, including the use of personal protective equipment (PPE)](https://www.gov.uk)
    - [COVID-19: cleaning of non-healthcare settings - GOV.UK](https://www.gov.uk)
    - [Safe working in education, childcare and children’s social care](https://www.gov.uk)
    - [Face coverings in education - GOV.UK](https://www.gov.uk)
Available capacity of the school is reduced when social distancing guidelines are applied

- Social distancing confirmed as 1m or less between children (depending on age) and 2m between children and adults (and between adults), again, depending on age of children.
- Social distancing not expected for children in EYFS and KS1
- Bubbles agreed of year groups or smaller, depending on phase of education.
- Agreed new timetable and arrangements confirmed for each bubble.
- Arrangements in place to support any pupils still unable to attend school with remote learning at home.
- Face coverings available for staff and children to use in areas where social distancing is more difficult

1.2 Organisation of teaching spaces

Classroom sizes will not allow adequate social distancing

- Requirement for social distancing reviewed by government to support full classes to return to classrooms.
- Classrooms re-modelled, with chairs and desks in rows facing in the same direction to support social distancing.
- Clear signage displayed in classrooms promoting social distancing.
- In primary schools, classes stay together with their teacher and do not mix with other pupils except for specialist teaching arrangements e.g. RWI where some pupils will mix within a year group.
- Face coverings available for staff and children to use in areas where social distancing is more difficult

Large spaces need to be used as classrooms

- Limits set for large spaces (e.g. hall, sports hall, dining hall) for teaching.
- Large gatherings prohibited.
- Design layout and arrangements in place to enable social distancing e.g. students facing the same way in dining areas and not sat face to face.

1.3 Availability of staff and class sizes

- The health status and availability of every member of staff is known and is regularly updated so that deployment can be planned.
- Shielding guidance paused from 1 August 2020, allowing staff to return to work and children to schools
- Full use is made of those staff who are self-isolating or continue to be required to shield following discussions with their GP but who are well enough to teach lessons online.

- Staggered starts and finish times.
- Staggered playtimes / lunchtimes.

- Where RWI groups mix, it is across the same year group and children maintain social distance between a child from another class.

- Assemblies streamed to classrooms via google meet / loom pre-recorded session.

- Individual risk assessments are in place for returning staff with health conditions.
• Flexible and responsive use of teaching assistants and pastoral staff to supervise classes is in place.
• Full use is made of test and trace to inform staff deployment.

| Re-timetabling and extended days mean that staff exceed their contracted working hours | M | ● Directed time calculations reworked and shared with staff
● PPA allocations still provided on timetables
● Where timetable restricts PPA or exceeds weekly hours for teachers, a two weekly timetable agreed to compensate
● Hourly rates of pay agreed for staff who are asked to work additional hours beyond their contracted hours | Y | L |

| Staff are required to isolate following holidays abroad, making them unavailable for the start of the new term | M | ● All staff have been advised to follow government advice on the booking of holidays
● All staff have been advised of the need to be available for work at the start of the new term and to plan any quarantine timings into their holiday plans
● Staff managing attendance policy and absence policies to be followed from September | Y | L |

1.4 The school day

| The start and end of the school day create risks of breaching social distancing guidelines | H | ● Start and departure times are managed, with staggering where possible.
● The number of entrances and exits to be used is maximised.
● Different entrances/exits are used for different bubbles if entering at the same time.
● Staff and pupils are briefed and signage provided to identify which entrances, exits and circulation routes to use.
● A plan is in place for managing the movement of people on arrival to avoid groups of people congregating.
● Attendance patterns have been optimised to ensure maximum safety.
● One way systems around the school.
● Accessibility for disabled students and staff have been considered within changes.
● Extra curricular activities cancelled if relevant distancing and controls can not be put in place to protect bubbles. | Y | M |
| Wrap around care provided in school is not able to comply with social distancing or bubble separation | M | After school activities will be separated and offered to distinct year groups to ensure bubbles are maintained/or cancelled if not possible. Externally provided wrap around care on school site must provide the school with their risk assessment and control measures that comply with government guidance | Y | L |

| 1.5 Planning movement around the school | | Circulation plans have been reviewed and revised. One-way systems are in place where possible. Posters in corridors regarding social distancing. Appropriate signage is in place to clarify circulation routes. Pinch points and bottlenecks are identified, staffed and managed accordingly. Movement of pupils around school is minimised as much as possible, with pupils staying in classrooms and staff moving round. Lesson change overs are organised to avoid overcrowding. Pupils are regularly briefed regarding observing social distancing guidance. Spaced lines on main corridors. Appropriate duty rota and levels of supervision are in place. Risk assessment in place for children who require support under EHCP where social distancing cannot be implemented e.g. TA pushing wheelchair. Play areas will be divided if more than one bubble is to use it at the same time. Outdoor play equipment will be either taken out of use, cleaned between use by different bubbles or separate equipment provided for each bubble. Face coverings available for staff to use in areas where social distancing is more difficult - highly recommending that these are worn. | Y | M | staff to accompany younger children to the toilet (wait at the end of the corridor) to prevent children from different classes using the facilities at the same time. |

| Movement around the school risks social distancing not being maintained | H | | | | |

| 1.6 Curriculum organisation | | | | | |

---

1.5 Planning movement around the school

- Circulation plans have been reviewed and revised.
- One-way systems are in place where possible.
- Posters in corridors regarding social distancing.
- Appropriate signage is in place to clarify circulation routes.
- Pinch points and bottlenecks are identified, staffed and managed accordingly.
- Movement of pupils around school is minimised as much as possible, with pupils staying in classrooms and staff moving round.
- Lesson change overs are organised to avoid overcrowding.
- Pupils are regularly briefed regarding observing social distancing guidance.
- Spaced lines on main corridors.
- Appropriate duty rota and levels of supervision are in place.
- Risk assessment in place for children who require support under EHCP where social distancing cannot be implemented e.g. TA pushing wheelchair.
- Play areas will be divided if more than one bubble is to use it at the same time.
- Outdoor play equipment will be either taken out of use, cleaned between use by different bubbles or separate equipment provided for each bubble.
- Face coverings available for staff to use in areas where social distancing is more difficult - highly recommending that these are worn.

1.6 Curriculum organisation
### Pupils will have fallen behind in their learning during school closures and achievement gaps will have widened

| H | ● Gaps in learning are assessed and addressed in teachers’ short, medium and longer term planning.  
● Praising stars will be used to assess the impact of interventions  
● Curriculum has been re-ordered to focus on learning priorities for the phase of education if it can’t all be caught up  
● Plans for intervention are in place for those pupils who have fallen behind in their learning. | Y | ● | M |

### Library book sharing risks virus infection

| M | ● Libraries will not be used as a social space for children  
● Children will be managed in small numbers to select a book  
● Returned books will be quarantined for 72 hours before being returned to library shelves | Y | | L |

### Practical music lessons spread virus through spittle and touch

| M | ● Music lessons in the curriculum to be theory and touch instruments that can be easily cleaned only  
● During peripatetic music lessons, the child to use an instrument solely used by them | Y | | L |

#### 1.7 Staff workspaces

| H | ● Staff rooms and offices have been reviewed and appropriate configurations of furniture and workstations have been put in place to allow for social distancing.  
● Staff have been briefed on the use of these rooms.  
● Posters in place regarding social distancing and hygiene.  
● Communal equipment removed or measures in place to disinfect between use.  
● Face coverings available for staff to use in areas where social distancing is more difficult | Y | | M |

#### 1.8 Managing the school lifecycle

| M | ● School calendar for the year rationalised.  
● Senior Leadership Team (SLT) and staff work plans to include short- and medium-term planning.  
● Staff recruitment to continue employing social distancing and online interviews where appropriate | Y | | L |
### Pupils in the first year of a new phase in their education do not feel prepared for the transition

| H | • Re-timetabling completed  
• Plans and capacity in place should re-timetabling be required mid-year |

| Y | • Pastoral staff have spoken with pupils and their parents about the new stage in their education and resolved any issues  
• Regular communications with the parents and pupils are in place, including letters, phonecalls, newsletters and online broadcasts.  
• Virtual tours of the school are available for parents and pupils.  
• Online videos of staff to introduce themselves.  
• Additional transition activity has taken place for students with identified SEND  
• New pupils will have enhanced induction in the first weeks of the September term |

### 1.9 Governance and policy

| M | • Online meetings are held regularly with the Board of Directors.  
• The Board of Directors are involved in key decisions on reopening.  
• Governors are briefed regularly on the latest government guidance and its implications for the school. |

| Y | • Regular conversations between Principal and Chair of Governors. |

### 1.10 Policy review

| H | • All relevant policies have been revised to take account of government guidance on social distancing and COVID-19 and its implications for the school.  
• Staff, pupils, parents and governors have been briefed accordingly. |

| Y | • Staff to be briefed on INSET in September  
• Website updated with policies. |

### 1.11 Communication strategy
Key stakeholders are not fully informed about changes to policies and procedures due to COVID-19, resulting in risks to health

Communications strategies for the following groups are in place:
- Staff
- Pupils
- Parents
- Governors/Trustees
- Local authority
- Regional Schools Commissioner
- Professional associations
- Other partners

<table>

### 1.17 Attendance and Punctuality

| Children do not attend school consistently as habits and social norms have changed | M | ● The need and value of attendance at school will be regularly reinforced with children and families |
| | | ● PR campaigns regarding attendance will be launched |
| | | ● Attendance staffing requirements will be kept under review to ensure that all absence is chased effectively |
| | | ● Regular safeguarding phone calls to those children not attending |
| | | ● Attendance fines will be reintroduced |
| | | Y | ● |

### 1.18 Alternative Provision

| Control measures are not in place for children attending alternative provision or otherwise accessing part time education | M | ● Liaison with AP providers where children attend full time to ensure that risk assessment and control measures are in place in line with government guidance |
| | | ● Where attendance is part time, liaison to identify the risks of movement between settings |
| | | ● Children not to attend more than 1 setting in the same day |
| | | N/A | N/A |

### 2. Investing in safety equipment and health and safety arrangements to limit the spread of COVID-19

#### 2.1 Cleaning

| Cleaning capacity is reduced so that cleaning of surfaces are not undertaken to the standards required | H | ● An enhanced cleaning schedule is agreed and implemented which minimises the spread of infection. |
| | | ● Working hours for cleaning staff are increased and additional staff appointed where necessary. |
| | | ● Dining areas, toilets and high frequency areas are prioritised in additional cleaning schedules and for cleaning between use by different bubbles |
| | | ● Cleaning logs completed in key areas e.g. toilets, dining and high frequency areas. |
| | | ● Classroom timetabling is shared to ensure the classrooms are cleaned when free |
| | | Y | ● Each classroom has been supplied with their own cleaning products. |

#### 2.2 Hygiene and handwashing
| Inadequate supplies of soap and hand sanitiser mean that pupils and staff do not wash their hands with sufficient frequency | H | • An audit of handwashing facilities and sanitiser dispensers has been undertaken and additional supplies are purchased if necessary.  
• Monitoring arrangements are in place to ensure that supplies of soap, hand towels and sanitiser are maintained throughout the day.  
• Additional external wash basins have been provided at key points around the school. | Y | ● | M |
| Pupils forget to wash their hands regularly and frequently | H | • Staff training includes the need to remind pupils of the need to wash their hands regularly and frequently.  
• Hand washing is timetabled for arrival at school, when changing rooms, return from breaks and before and after eating  
• Posters and electronic messaging boards reinforce the need to wash hands regularly and frequently.  
• School leaders monitor the extent to which handwashing is taking place on a regular and frequent basis and timetable into the day if necessary. | Y | ● | M |

2.3 Clothing/fabric

| Not wearing clean clothes each day may increase the risk of the virus spreading | H | • Government guidance has advised that children should be expected to wear full school uniform from September.  
• Additional uniform available in school to support vulnerable children who may require additional items.  
• Expectations and guidance are communicated to parents.  
• Additional uniform issued to catering, cleaning and site staff if they have insufficient | Y | ● | M |

| The use of fabric chairs may increase the risk of the virus spreading | M | • Take fabric chairs out of use where possible.  
• Where that is not possible then ensure chairs are limited to single person use. | Y | ● | L |

2.4 Testing and managing symptoms

| Testing is not used effectively to help manage staffing levels and support staff wellbeing | H | • Testing and tracing in place nationally.  
• Flowcharts provided to schools to explain what they need to do if they have a positive case confirmed. | Y | ● | M |
### Infection transmission within school due to staff/pupils (or members of their household) displaying symptoms

- Guidance on getting tested has been published.
- The guidance has been explained to staff as part of the induction process.
- Robust collection and monitoring of absence data, including tracking return to school dates, is in place.
- Procedures are in place to deal with any pupil or staff displaying symptoms at school. This includes the use of testing for both staff and pupils and appropriate action, in line with government guidance, should the tests prove positive or negative.
- Pupils, parents and staff are aware of what steps to take if they, or any member of their household, displays symptoms.
- A record of any COVID-19 symptoms in staff or pupils is reported to the trust.
- Each school knows how to contact LA PHE for advice.
- Government advice followed for identifying contact levels:
  - Direct - less than 1m for 1 minute
  - Proximity - within 1m to 2m for 15 minutes
  - Travelled in the same car

<table>
<thead>
<tr>
<th>School</th>
<th>Y</th>
<th>M</th>
</tr>
</thead>
</table>

### Staff, pupils and parents are not aware of the school’s procedures (including on self-isolation and testing) should anyone display symptoms of COVID-19

- Staff, pupils and parents have received clear communications informing them of current government guidance on the actions to take should anyone display symptoms of COVID-19 and how this will be implemented in the school.
- This guidance has been explained to staff and pupils as part of the induction process.
- Any updates or changes to this guidance are communicated in a timely and effective way to all stakeholders.

<table>
<thead>
<tr>
<th>School</th>
<th>Y</th>
<th>M</th>
</tr>
</thead>
</table>

### Staff, pupils and parents are not aware of the school’s procedures should there be a confirmed case of COVID-19 in the school

- Staff, pupils and parents have received clear communications informing them of current government guidance on confirmed cases of COVID-19 and how this will be implemented in the school.
- This guidance has been explained to staff as part of the induction process, including flowcharts.
- Any updates or changes to this guidance are communicated in a timely and effective way to all stakeholders.

<table>
<thead>
<tr>
<th>School</th>
<th>Y</th>
<th>M</th>
</tr>
</thead>

### 2.5 First Aid/Designated Safeguarding Leads
| The lack of availability of designated First Aiders and Designated Safeguarding Leads puts children’s safety at risk | H | - First Aid certificates extended for three months.  
- A programme for training additional staff is in place.  
- Collaborative arrangements for sharing staff with other schools in the locality have been agreed. | Y | - Additional five members of staff have completed first aid training. | M |
| --- | --- | --- | --- | --- | --- |
| 2.6 Medical rooms | Medical rooms are not adequately equipped or configured to maintain infection control | H | - Social distancing provisions are in place for medical rooms.  
- Additional rooms are designated for pupils or staff with suspected COVID-19 whilst collection is arranged.  
- Procedures are in place for medical rooms to be cleaned after suspected COVID-19 cases, along with other affected areas, including toilets. | Y | - | M |
| 2.7 Communication with parents | Parents and carers are not fully informed of the health and safety requirements for the reopening of the school | H | - As part of the overall communications strategy referenced in 1.12, parents are kept up to date with information, guidance and the school’s expectations on a weekly basis using a range of communication tools.  
- A COVID-19 section on the school website is created and updated. | Y | - Weekly newsletters with latest guidance have been sent to parents over the closure period and will continue during reopening until guidelines shared and routines are established. | M |
| Parents and carers may not fully understand their responsibilities should a child show symptoms of COVID-19 | H | - Key messages in line with government guidance are reinforced on a weekly basis via email, text, newsletter or the school’s website. | Y | - | M |
| 2.8 Personal Protective Equipment (PPE) | Provision of PPE for staff where required is not in line with government guidelines | H | - Government guidance on wearing PPE is understood, communicated and sufficient PPE has been procured.  
- Those staff required to wear PPE (e.g. SEND intimate care; supporting a child with COVID-19 symptoms; cleaning staff) have been instructed on how to put on and how to remove PPE carefully to reduce contamination and also how to dispose of them safely.  
- Staff are reminded that the wearing of gloves is not a substitute for good handwashing. | Y | - | M |
## 2.9 Catering

| Dining space can not cater for numbers of children with appropriate cleaning and hygiene | H | • A reduced catering offer is established to ensure that increased numbers of lunch breaks and breaks can be managed for bubbles  
• Primary - meals will continue to be provided to classrooms where feasible. | Y | • Dining spaces used if necessary and cleaned after each use. |

## 2.10 Finance

| Cash brought into the academy spreads the virus through handling | M | • Cashless is encouraged at all times  
• Parent letters requesting that cash is not used and accounts are topped up from home  
• Any cash brought in is placed in the safe for 72 hours and hand immediately washed | Y | |

## 2.11 Gifts

| Children bring gifts for the end of term that spread the virus | M | • Gifts to be discouraged  
• Those that are brought should be accepted, hands washed and then quarantined for 72 hours | Y | |

## 3. Maximising social distancing measures

### 3.1 Pupil behaviour
### Pupils’ behaviour on return to school does not comply with social distancing guidance

- Clear messaging to pupils on the importance and reasons for social distancing is reinforced throughout the school day by staff and through posters, electronic boards, and floor markings. For young children this is done through age-appropriate methods such as stories and games.
- Staff model social distancing consistently.
- The movement of pupils around the school is minimised.
- Large gatherings are avoided.
- Break times and lunch times are structured to support social distancing and are closely supervised.
- The school’s behaviour policy has been revised to include compliance with social distancing and this has been communicated to staff, pupils and parents.
- Senior leaders monitor areas where there are breaches of social distancing measures and arrangements are reviewed.
- Messages to parents reinforce the importance of social distancing.
- Arrangements for social distancing of younger primary school children have been agreed and staff are clear on expectations - NB for EYFS and KS1 the bubble is designed to protect children that are too young to social distance.

### 3.2 Classrooms and teaching spaces

- All furniture not in use has been removed from classrooms and teaching spaces or made inaccessible.
- Arrangements are reviewed regularly.
- Unnecessary equipment removed from classrooms
- Soft toys and soft furnishings removed
- Cleaning product and wipes available in EYFS to clean toys
- Equipment in practical subjects will be cleaned between use by different bubbles or additional items purchased so that items are not shared beyond the bubble
- Tables in rows with children facing the front to avoid face to face
- Entering and exiting the classroom is ‘one person at a time’

### 3.3 Movement in corridors

- Playtimes and lunchtimes are staggered.
| Social distancing guidance is breached when pupils circulate in corridors | H | ● Circulation plans have been reviewed and amended.  
● One-way systems are in operation where feasible.  
● Posters in corridors and circulation areas on social distancing  
● Floor markings in key areas  
● Circulation routes are clearly marked with appropriate signage.  
● Any pinch points/bottle necks are identified and managed accordingly.  
● The movement of pupils around school is minimised as much as possible.  
● Where possible, pupils stay in classrooms and staff move around.  
● Social time change overs are staggered to avoid overcrowding.  
● Pupils are briefed regularly regarding observing social distancing guidance whilst circulating.  
● Appropriate supervision levels are in place.  
● Accessible routes have been planned where necessary.  
● Face coverings available for staff and children to use in areas where social distancing is more difficult | Y | ● Movement around school in the shared area to be limited. Children to use the external classroom doors. |
<table>

</thead>
<tbody>
<tr>
<td>3.4 Break times</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
| Pupils may not observe social distancing at break times | H | ● Break times are staggered.  
● External areas are designated for different groups.  
● Pupils are reminded about social distancing as break times begin.  
● Social distancing signage is in place around the school and in key areas.  
● Supervision levels have been enhanced, especially with younger pupils, to support social distancing.  
● Face coverings available for staff and children to use in areas where social distancing is more difficult | Y | M |
| 3.5 Lunch times | | | | | |
| Pupils may not observe social distancing at lunch times | H | ● Pupils are reminded about social distancing as lunch times begin.  
● Pupils wash their hands before and after eating.  
● Dining area layouts have been configured to ensure social distancing.  
● Tables and chairs have been cordoned off where this is not possible.  
● Floor markings are used to manage queues and enable social distancing. | Y | M |
<table>
<thead>
<tr>
<th>3.6 Toilets</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Queues for toilets and handwashing risk non-compliance with social distancing measures</td>
<td>H</td>
</tr>
</tbody>
</table>
|  | ● Queuing zones for toilets and hand washing have been established and are monitored.  
  ● Floor markings are in place to enable social distancing.  
  ● Pupils know that they can only use the toilet one at a time.  
  ● Pupils are encouraged to access the toilet during class/throughout the day to help avoid queues.  
  ● The toilets are cleaned frequently.  
  ● Monitoring ensures a constant supply of soap and paper towels.  
  ● Bins are emptied regularly.  
  ● Pupils are reminded regularly on how to wash hands and young children are supervised in doing so.  
  ● Face coverings available for staff to use in areas where social distancing is more difficult |
|  | Y  
  ● |
|  | M |

<table>
<thead>
<tr>
<th>3.7 Medical Rooms</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>The configuration of medical rooms may compromise social distancing measures</td>
<td>H</td>
</tr>
</tbody>
</table>
|  | ● Social distancing provisions are in place for medical rooms.  
  ● PPE provided in medical room for first aiders  
  ● Additional rooms are designated for pupils with suspected COVID-19 whilst collection is arranged.  
  ● Procedures are in place for medical rooms to be cleaned after suspected COVID-19 cases, along with other affected areas, including toilets. |
|  | Y  
  ● |
|  | M |

<table>

</table>
| The configuration of staff rooms and offices makes compliance with social distancing measures problematic | H | ● Reconfiguration of staff rooms and offices has been undertaken prior to the school opening to allow for social distancing between staff.  
● Hot desking will be stopped, only one member of staff allocated to a desk.  
● WFH will remain in place for staff who can in order to minimise staffing  
● Face coverings available for staff to use in areas where social distancing is more difficult | Y | ● Microwaves can be used and the following adhered to: Food must be in a microwaveable tub/dish which is brought in and taken home - ie. it is not emptied onto a bowl that is part of the school’s crockery set. Staff should bring in and take home their own cutlery for consuming food. These should go home for cleaning each day. The microwave must be wiped out between uses. This includes wiping any operating buttons. | M |

| 3.12 Catering |  |  |  |  |  |
| Social distancing is not possible in kitchen/catering areas | H | ● Reduced menus agreed to manage increased number of lunch breaks  
● Simple menus developed allowing staff to work at a single workbench  
● 1 member of staff in small areas e.g. fridges, store rooms at any time  
● Staff instructed in social distancing  
● PPE provided if social distancing can not be maintained  
● Catering staff advised on handwashing a minimum of every 30 minutes and before and after preparing food  
● Catering staff advised to remain behind the counter during serving | Y |  | M |

| 3.13 Home Visits |  |  |  |  |  |
| Staff are placed at risk of contracting COVID whilst undertaking home visits | M | - Home visits will not be undertaken unless absolutely necessary  
- Staff will not travel together to undertake a home visit  
- Visit will be undertaken on doorstep - staff will not enter the home  
- Social distancing will be maintained throughout - knock on door and step back 2m  
- All usual control measures for home visits should also be followed | Y | | L |

4. Continuing enhanced protection for children and staff with underlying health conditions

4.1 Pupils with underlying health issues

Pupils with underlying health issues are not identified and so measures have not been put in place to protect them | H | - Parents have been provided with clear guidance and this is reinforced on a regular basis.  
- Parents have been asked to make the school aware of pupils’ underlying health conditions and the school has sought to ensure that the appropriate guidance has been acted upon  
- Individual risk assessments undertaken for any student identified being at higher risk e.g. BAME, ECV and actions put in place in agreement with student/parents  
- EHCP and risk assessments updated  
- Schools have a regularly updated register of pupils with underlying health conditions. | Y | | M |

4.2 Staff with underlying health issues

Staff with underlying health issues or those who are shielding are not identified and so measures have not been put in place to protect them | H | - All members of staff with underlying health issues, those within vulnerable groups or who are shielding have been instructed to make their condition or circumstances known to the school. Records are kept of this and regularly updated.  
- Members of staff with underlying health conditions have been asked to seek and act on the advice of their GP/consultant/midwife or current government advice.  
- Individual staff risk assessments undertaken where additional risk factors identified e.g. BAME, male, over 70, pregnant, extremely clinically vulnerable  
- Current government guidance is being applied. | Y | | M |

5. Enhancing mental health support for pupils and staff
### 5.1 Mental health concerns – pupils

| Pupils’ mental health has been adversely affected during the period that the school has been closed and by the COVID-19 crisis in general | H | ● There are sufficient numbers of trained staff available to support pupils with mental health issues.  
● There is access to designated staff for all pupils who wish to talk to someone about wellbeing/mental health.  
● Wellbeing/mental health is discussed regularly in PSHE/virtual assemblies/pupil briefings (stories/toy characters are used for younger pupils to help talk about feelings).  
● Resources/websites to support the mental health of pupils are provided. | Y | ● Staff to inform learning manager if they are concerned about a child. | M |
|---|---|---|---|---|
| Additional safeguarding concerns are identified on children’s return to school | H | ● All staff will receive safeguarding training as part of the INSET on the first day of term  
● Additional time will be provided for DSLs and inclusion teams in the first few weeks of term, if required, to help them provide support to staff and children regarding any new safeguarding and welfare concerns and the handling of referrals to children’s social care and other agencies where these are appropriate | Y | | M |

### 5.2 Mental health concerns – staff

| The mental health of staff has been adversely affected during the period that the school has been closed and by the COVID-19 crisis in general | H | ● Staff are encouraged to focus on their wellbeing.  
● Line managers are proactive in discussing wellbeing with the staff that they manage, including their workload.  
● Staff briefings and training have included content on wellbeing.  
● Staff briefings/training on wellbeing are provided.  
● Staff have been signposted to useful websites and resources.  
● Staff are encouraged to use the staff EAP  
● Staff wellbeing surveys | Y | ● | M |
|---|---|---|---|---|
| Working from home can adversely affect mental health | H | ● Staff working from home have regular catch-ups with line managers.  
● Staff are encouraged to speak regularly with colleagues, take regular breaks and exercise.  
● Appropriate work plans have been agreed with support provided where necessary.  
● Staff working from home may help provide remote learning for any pupils who need to stay at home. | Y | | M |
### 5.3 Bereavement support

| Pupils and staff are grieving because of loss of friends or family | H | ● The school has access to trained staff who can deliver bereavement counselling and support.  
● Support is requested from other organisations when necessary.  
● Bereavement training delivered to over 200 staff during June 2020 | Y | ● Bereavement training has been disseminated to staff. | M |

### 6. Operational issues

#### 6.1 Review of fire procedures

| Fire procedures are not appropriate to cover new arrangements | H | Fire procedures have been reviewed and revised where required, due to:  
● Bubbles not mixing  
● Possible absence of fire marshals  
● Social distancing rules during evacuation and at muster points  
● Possible need for additional muster point(s) to enable social distancing where possible  
● Staff and pupils have been briefed on any new evacuation procedures.  
● Incident controller and fire marshals have been trained and briefed appropriately.  
● PEEP s reviewed and updated | Y | ● | M |

| Fire evacuation drills - unable to apply social distancing effectively | H | ● Plans for fire evacuation drills are in place which are in line with social distancing measures. | Y | ● Plan produced and shared with staff on INSET day. | M |

| Fire marshals absent due to self-isolation | H | ● An additional staff rota is in place for fire marshals to cover any absences and staff have been briefed accordingly. | Y | ● | M |

#### 6.2 Contractors working on the school site
Contractors on-site whilst school is in operation may pose a risk to social distancing and infection control

- Ongoing works and scheduled inspections for schools (e.g. estates related) will continue.
- An assessment has been carried out to see if any additional control measures are required to keep staff, pupils and contractors safe.
- Assurances have been sought from the contractors that all staff attending the setting will be in good health (symptom-free) and that contractors have procedures in place to ensure effective social distancing is maintained at all times.
- Contractor risk assessment has been provided prior to works beginning
- Alternative arrangements have been considered such as using a different entrance for contractors and organising classes so that contractors and staff/pupils are kept apart.
- Social distancing is being maintained throughout any such works and where this is not possible arrangements are reviewed.
- In addition to arrangements for COVID-19, normal contractor procedures are being applied and have been updated in light of COVID-19 (including contractor risk assessments and method statements, and contractor induction).

7. Finance

7.1 Costs of the school’s response to COVID-19

The costs of additional measures and enhanced services to address COVID-19 places the school in financial difficulties

- Additional cost pressures due to COVID-19 identified.
- Trust finance team has been consulted to identify potential savings in order to work towards a balanced budget.
- Net increase in costs approved by Region Exec and CFO

Prior To Sept
- Additional COVID-19 related costs are monitored and options for reducing costs as guidance changes are reviewed.
- The school’s projected financial position will be shared regularly with the Board

Sept Onwards

8. Governance
### 8.1 Oversight of the governing body

| Lack of governor oversight during the COVID-19 crisis leads to the school failing to meet statutory requirements. | H | ● The Trust Board continues to meet regularly via online platforms.  
● The agendas are structured to ensure all statutory requirements are discussed and school leaders are held to account for their implementation.  
● The Principal’s report to governors includes content and updates on how the school is continuing to meet its statutory obligations in addition to covering the school’s response to COVID-19.  
● Regular dialogue with the Chair of Governors and those governors with designated responsibilities is in place.  
● Scheme of Delegation has been reviewed to ensure schools and the Trust can respond appropriately - delegated decisions tracked and reviewed. | Y | ● | M |

### 9. Additional site-specific issues and risks

**Settings to add any site-specific issues/arrangements here and ensure mitigation strategies are in place to address them**

| Involvement of unions lead to reduced staff availability of child-facing staffing ratios. | H | ● The Trust have consulted with the unions on the wider opening of schools. Joint Consultation Committee meeting held.  
● CEO and executive team met with all school union reps to answer questions and clarify.  
● Principal met with Union rep to discuss risk assessment in place.  
● INSET to inform staff of all safety measures and risk assessment in place. | Y | ● | M |

| | ● | ● |
