

Outwood Primary Academy

Hello parents and carers, this half term your child will be learning about...

Y1

Animals including humans

Plants

Seasonal Changes

Kandinsky

Dance Party

From Seed to Plate

New life

Numbers

Happy

Target games

Yoga

Project Idea

Our Science focus this half-term is 'animals including humans'. In our Art work, we will be learning about Kandinsky and experimenting with colour mixing! Computing is lots of fun where we begin to learn how to code.

You can choose what you want to do for your topic homework and how you want to present it, but here are some suggestions to get you started. Can you link your homework to another area of the curriculum?

- **Maths** - Create a diagram of how you can sort animals into different groups.
- **English** - Create a fact file about different animals from around the world.
- **Science** - Make a project about different types of animals with lots of facts and pictures.
- **Art** - Produce a piece of work in the style of Kandinsky.
- **DT** - Can you make an animal from recycled materials?
- **Geography** - Find out about different animals around the world and their habitats.
- **History** - Create a portfolio with facts and pictures of Kandinsky.
- **MFL** - Create a poster displaying different animals in French.
- **Music** - Perform a song about animals.
- **PE** - Record a dance performance with animal movements.

Remember, you can choose what you want to do for your project and you aren't limited to just one idea. I'm looking forward to seeing your ideas and what you come up with!

Your homework needs to be in school by **Monday, 18th May.**
