## **Charanga Logins**

Dear Parents/Carers,

Charanga is a fantastic online music resource, which plays an important part in our music curriculum. It is a safe online space in which children can explore and develop their musicianship skills.

Every child from Year 1 to Year 6, now has their own login details to access the site.

During lessons in school, children will use the app to create and save their own composition work. It also allows teachers to set assignments, for example, to ask children to listen to certain pieces of music and share apps and resources with the children. If your child would like to access this at home, then they have their own unique log in details which can be found in their planner.

To access this, they simply need to log onto the Charanga site on Google and add their details in the right hand side – Student log in.

<https://charanga.com/site/log-in>

Happy exploring, listening and composing!

Mrs Harrison

Nursery Teacher and Music Lead
