

30 April 2024

Dear Parent/ Carer

NEW ONLINE PARENT ACCOUNTS: Century Learning

At Outwood Academy Riverside, we are committed to empowering our students to realise their full potential. This commitment extends to our Mathematics and Science departments, where we provide access to Century.tech, an innovative online AI learning program.

Your child is already benefiting from this resource, and we are excited to announce that you, too, can now track their progress firsthand. We will soon add the email address you provided to Century.tech, and you will receive an invitation to create your own account.

We encourage you to support your child in using this tool regularly—at least an hour each week. Regular engagement has shown to boost students' confidence, enhance their abilities, and improve their grades by an average of 15%.

Thank you for your continued support.

Yours Sincerely

Kelly Rock
Head of Maths
